### **Ashland Police Department makes arrests on Breaking and Entering suspect.**

On the night of January 13, 2010, the Ashland Police Department experienced several break-ins to businesses in which the front windows of the businesses were smashed and merchandise and medications were taken. Ashland Police patrol officers responded to the scene of these crimes within minutes and quickly developed a suspect through their extensive knowledge of the community. Within hours of the crimes occurring officers had located the suspect at his residence, as well as the stolen property, and took him into custody without incident.

The members of the Ashland Police Department are dedicated to providing a safer community for our residents and visitors. Arrests such as this display the commitment our officers have to accomplishing our goal of protecting the public's safety and their property. Thanks to the rapid response and excellent teamwork of the Ashland police officers the suspect was apprehended quickly and property returned to the owners.
